Evidence

Applicants will need to:

- Prove that their project can fulfil its aim in order to benefit the people of Fulmodeston & Barney.
- Have performed a feasibility study to prove that there is a true need in the village. This will need to include a calculation of how many people the group believes the project will benefit and how they calculated this figure. This should also include realistic timescales for the project.
- Additional Evidence of community consultation/support for the project may be required.
- Prove that they have received at least three quotations for the project costs to ensure that the village receives Best Value for the scheme.

Finance **TBC**

The Parish Council will operate two grant schemes:

- ~~1) **Small Grant Scheme** — The existing scheme will be available for grant requests of up to a maximum of £500. The Parish Council will consider funding 100% of all requests. Decisions will be made within one month of the Parish Council receiving an application.~~
- ~~2) **Large Grant Scheme** — This new scheme is designed for capital projects that are requesting over £500 in grant funding. To ensure that the Parish Council receives Best Value for the money~~

~~it holds, groups are encouraged to look at other sources of funding with a view to the Parish Council match funding* any other offer. This process not only benefits the group by increasing the potential for monies received for the project but also benefits the villages by making the money the Parish Council holds go further. It can also be seen that the Parish Council is behind the project which will help with Match funding. If there is no additional grant funder available, then the group is encouraged to make up any shortfall by fund raising. The Parish Council will operate a policy of match funding 50% (but the Parish Council reserves the right to amend this figure at its discretion) of total project costs up to a maximum amount of £TBA. A decision will be made by the Parish Council within three months of receipt of the application. Applications should be made by the 7th of December 2023 Parish Council meeting to allow both schemes to run together. No applications should be considered after 31st of December apart from in year one of the system due to time constraints. Only one application per project can be made per calendar year from January to December. The maximum pot size per calendar year should be capped at TBA to allow the funds to go further.~~

Please be aware that the Parish Council is restricted by law on how much money it can donate to some projects. If the Parish Council has no legal power to donate to a project, it will exercise its right under Section 137 of the Local Government Act 1972. Monies donated under Section 137 are restricted and will also depend on how many groups applying fall into this category. If your project does fall into this category we will advise you as soon as possible, as it may affect the money you can receive. Applications should initially be sent to the Clerk Kevin Webb. The on-going process of agreeing applications will be decided at the next PC meeting.

Payment of Grant Monies

When a grant is successful, payment of grant monies will be made directly to the group that applied for the grant. To claim the grant money, a letter must be received from the group in addition to a copy of the invoice(s) from the supplier/contractor as proof that the grant money is to be spent as per the application. Invoices must be received by the first of the month for payment that same month.

Project Reporting

When a grant has been agreed, the Parish Council require an update on progress of the project at six monthly intervals until the project is finalised. The Parish Council will require a report upon project completion as to the success of the project and the money spent.

Declaration

Whoever signs the declaration on the application form takes overall responsibility for this funding on behalf of the group and they must be 18 years age or over.

Promotion

The Parish Council will ask for recognition from successful groups in the form of promotion of the Parish Council in newsletters or any press releases. The Parish Council will also recognise successful groups in its own reports to parishioners.

Revocation of Offer

The Parish Council reserves the right to revoke any offer of grant funding if it feels that the terms on which the offer was made have been broken. The Parish Council urges any group with an offer of grant funding to approach the Parish Council at the earliest opportunity for assistance if there is any part of the project that is in jeopardy. If the money for the project is not used within the 12-month period, it should be returned to the PC Clerk. The Clerk Kevin Webb can be contacted on 01328855046 and will endeavour to assist in any area of the application.

Sustainable Projects

In line with NNDC sustainable beliefs we will favour projects with a green aim.
